

Sayer's Perspective on the Current State of the A&D Market

*Ben H. Rye, GIT
Geologist In Training
Sayer Energy Advisors*

Summary

The presentation will focus on recent merger and acquisition trends in the upstream Canadian Oil and Natural Gas Industry with an emphasis on the prices being paid, who the buyers and sellers are and what factors have had an impact on recent M&A activity. The presentation will also touch on what Sayer forecasts will happen in 2017 on the M&A front.
