Summary

The power of decision and understanding limiting beliefs is the key to success in all areas of business and life. Self-doubt, insecurity and lack of confidence are the biggest killers to leadership success.

The reason for this is because stress, anxiety, overwhelm, hesitation, frustration and poor decision making, the emotions/behaviors that result from doubt and lack of confidence. These things will cost the team and company time and money, deter the achievement of goals and eventually crush the spirit and energy of all involved.

Method

High Achieving leaders possess these and many more traits:

- Decisiveness - The ability to make powerful and quick decisions under pressure
