Priority Point System for GeoConvention 2022

Calgary, Alberta Canada

The priority point system is used to assign booths in an impartial and unbiased manner. Exhibitors receive points based on 4 categories. Points are totaled, and booth assignments are made based on the total number of points. The GeoConvention partner societies are:

- Canadian Society of Petroleum Geology (CSPG)
- Canadian Society of Exploration Geophysicists (CSEG)
- Canadian Well Logging Society (CWLS)

Priority Points are not transferable, nor can they be combined for booth assignments; **this outline will apply to the 2023 Convention**. The four categories for point accumulation are:

1. Sponsorship Participation
2. Exhibition Participation
3. Membership in Partner Societies
4. Advertising Participation

1. Sponsorship Participation (Maximum of 100 Points)

Sponsorship at GeoConvention or with one of our Partner Societies will earn 3 points per \$1,000 of sponsorship contributed for the previous two years.

2. Exhibition Participation (Maximum of 50 Points)

5 points are collected for each year of participation in the GeoConvention during the previous 5 years plus 1 point per 10x10 space over that span. In addition, an additional 4 points for exhibition at another partner society event (both, paid table, etc) will be awarded

3. Membership in Partner Societies (Maximum of 10 Points)

Membership in a Partner Society earns .5 point per year per person up to the maximum points

4. Advertising Participation (Maximum of 40 Points)

Advertising priority points will be calculated from December 2021 through December 2022 for application to the 2023 allocation and is based on the outline below.

Convention Delegate Book:	3.0 points
GeoConvention website:	4.0 points
GeoConvention Showcase:	3 points per 30 minutes booked

BOOTH LOCATION SELECTION

Exhibitors will select their booth location based on the company with the highest number of points selecting first. The points will be used to prioritize booth allocation. If companies have the same quantity of points, the contract received earliest will have preference.

EARLY TAKE DOWN

An exhibitor taking down their booth prior to the end of the exhibit floor hours will lose all of their accumulated points.

METHOD FOR EARNING ADDITIONAL POINTS.

10 bonus priority points are awarded to companies that complete and return the application within a calendar month of the convention for next year's meeting. We do not accumulate the bonus points; they are good for the subsequent year only.
