ENERGY INNOVATION PAVILION PARTNERSHIP

The Energy Innovation Pavilion will showcase the remarkable work happening in the energy innovation space in Canada focusing on career development, energy inclusiveness and highlighting the successes and advances in the collective energy space.

To support our partner membership in new and emerging areas, the Energy Innovation Pavilion concept is seen as a high-impact opportunity to showcase companies on the cutting edge of the energy industry. Benefits for companies in the pavilion range from easy networking, GeoConvention-hosted marketing through social media and e-blasts and most importantly, the opportunity to tell your company's success story to an eager audience. In addition to company and brand visibility to a GeoConvention audience of highly technical and skilled individuals, the pavilion will allow participating companies to directly interact with and recruit these sought-after individuals.

PAVILION OPPORTUNITIES

The 2025 Energy Innovation Pavilion will host a full schedule of talks on the stage appealing to delegates from all areas of energy to participate and learn from industry innovators and experts. By participating as a sponsor within the space, you will highlight your company as a leader within Energy Innovation.

Energy Innovation Pavilion Opportunities

Pavilion Title Sponsor \$5,000 (exclusive)

Recognized as the premier sponsor of the pavilion space, your logo will be featured on the pavilion rolling loop, on signage within the space and you have the opportunity to emcee a day of stage presentations.
